Working in a team can be difficult at times, especially when everyone is in a different place. Collaboration and communication are critical to getting the job done, and Slack is the ultimate collaboration tool for teams of all shapes and sizes. Slack is similar to past chat rooms and has a sleek design that's easy to maneuver. You can send messages to the channel you create, or you can send messages directly to individuals. Add emoticons and GIFs with simple shortcuts and integrations. You can also integrate tools such as Asana and Trello into slack channels to make project management easier. Slack allows you to run multiple groups of members in the background, but if you're more than one member, your laptop's battery can drain. Slack is at your control with up to 10 app integrations and the search for 10,000 messages. For standard pricing, Slack charges \$6.67 per active user. For Plus, Slack charges \$12.50 per active user. Who wouldn't want the roar of the waves, the light breeze, and the endless serenity on your Mac screen? Sandy Beach 3D is a live wallpaper or screensaver that will turn your Mac's screen into your own private beach. Island music and ambient sounds are available along with multiple effects. The app is installed automatically when you download it. Sandy Beach 3D Living Wallpaper is available from the Mac App Store for \$2.99. Pocket stores articles, videos, and other content that you can later read on your Mac, iPad, or iPhone (and Android devices). Your saved content is stored in one place so that you can access it from your Apple device at any time. You can also download content for reading when you are offline. Pocket highlighting allows you to mark passages from articles of particular interest. These highlights appear in easily accessible sections. Pockets can be downloaded for free in the Mac App Store. Microsoft 365 (formerly Office 365) users welcome Microsoft to-do (formerly Wunderlist) apps. This cross-platform to-do list app works as a task manager, whether you're at home or on the go. The app focuses on simplicity and is a simple to-do list format that works as a daily planner with featuresWith other Microsoft apps between different devices. Microsoft To Do is downloaded for free in Apple's Mac Store. If you use your Mac for work every day, you can understand the importance of multitasking. For each task, you need to open multiple windows. Free app Magnet allows you to create a workspace that works for you by placing windows the way you want. There are two ways to place windows using magnets. You can click the magnet icon on the toolbar to choose how the window appears, or you can use the snap effect by displaying the window in one of the four corners of your Mac. You can split the window into halves and thirds and move the window to all four corners. You can also set the maximize and center to match the button press. However, some developers may not be able to change a certain size.
